

War Threatens To Precipitate Total Collapse, Labor Director Says

BANKERS TO BE SERVANTS BYRNE SAYS

Social Credit Technical Adviser Speaks On Debt Topic

The urgent problem of today is to elevate bankers to the position of servants—obedient servants—of the people and to insist that they take instructions from the people in regard to the results which shall accrue from their financial system. E. D. Byrne, technical adviser to the Alberta Social Credit Board, stated in an address given here on Thursday evening. He spoke under the auspices of the Alberta Social Credit League.

Mr. Byrne spoke on the general subject of Freedom from Debt Bondage.

He declared that in Alberta the total debts, national, provincial, civic, municipal and private, are estimated at over \$1,000 per head of the population. This means that for every man, woman and child in Alberta there is over \$1,000 of debt to be met.

Complete text of Mr. Byrne's address is as follows:

AFFLICTS ALL

Debt, about which I shall be speaking this evening, is an economic disease that afflicts all countries. Debt is a condition which keeps people poor. Debt is a condition which forces struggling to get rid of their obligations. Debt, as I have just shown, can never decrease under our present financial system. Debt is the cause of worry—and worry of disease and insanity. Debt causes trade stagnation, high unemployment and war. It is rapidly bringing our civilization to ruin and it is the cause of our age. In a solemn pre-view of Indian America, over 100 years ago, the chiefs warned them that their white men were led to strife and

trouble. He said with justification: "If you are ever asked to become Canadian citizens refuse it for the white man has made a mess of the country. If you become Canadian citizens you must become the white man's devil."

Before the white man came to this country, there was not a dollar of debt. If you become citizens you will have to pay those debts.

The force of this statement is borne out by the fact that in Alberta the total debts—national, provincial, civic, municipal and private—are pressing upon the people at over \$1,000 per head of the population. This means that for every man, woman and child in Alberta there is over \$1,000 of debt to be met.

SHOULDER SHARE

You personally may not be in debt—but all the same you have to shoulder your share of these obligations together with the interest charges which will debt you pay through taxation and high prices.

Now the curious feature about debt is that as a country becomes more highly developed and therefore wealthier in a real sense, its debt increases, thereby rendering it perpetually poorer. A condition known as "poverty amidst plenty." While the cause of this is a highly technical matter, there can be no question about the result. And this is true of every country.

Let us consider just what we mean when we speak of debt. It is an obligation to pay money. Individually or collectively our ability to obtain money is our ability to obtain money. Therefore, debt is a product of our monetary system and the Indian chief in condemning this feature of the white man's civilization, has condemned the white man's financial system which must, on the evidence of facts, be responsible for this deadly debt-generating machine. And he would be right in such condemnation.

Child-Mother

"We hope it will be a boy," says Mrs. Florence Hill Rudd, 13-year-old mother, pictured above with her daughter, Florence.

Now I have some hard things to say about bankers and bankers. But I wish to make it plain beyond any possibility of misunderstanding that I am not attacking the individual banker. I am attacking the system which has made him a banker.

LIBERTY TO PAY

It is the right of every individual to pay his debts as he sees fit. It is the right of every individual to pay his debts as he sees fit. It is the right of every individual to pay his debts as he sees fit.

Under our present financial system the banks and the banks alone have the right to issue money. This is a monopoly which is a monopoly. This is a monopoly which is a monopoly. This is a monopoly which is a monopoly.

I can assure you that not only is this a fact but there are many supporting facts. I can assure you that not only is this a fact but there are many supporting facts. I can assure you that not only is this a fact but there are many supporting facts.

MAJESTIES FELED

ALBANY, England, May 20.—The King and Queen returned last night to Knowsley Hall, family seat of the Earl and Countess of Derby after a tour of the county in Lancashire.

SURVEY MERCHANTS

A survey of retail businesses in Alberta, particularly with relation to the clothing and personal goods stores, has been completed by the Retail Merchants' Association.

TO ILLUSTRATE

To illustrate the matter, let us suppose that you personally exercised the sole monopoly right of issuing all money in this province. Suppose that no other money was valid, and that anybody else attempting to issue into competition with you would be charged interest on the money he issued.

Further, let it be said that you would issue only on loan, repayable to you on any day of your choice. You would charge interest on the money he issued.

Now, suppose that you issued money in this way. Suppose that you issued money in this way. Suppose that you issued money in this way.

Now, suppose that you issued money in this way. Suppose that you issued money in this way. Suppose that you issued money in this way.

Now, suppose that you issued money in this way. Suppose that you issued money in this way. Suppose that you issued money in this way.

Now, suppose that you issued money in this way. Suppose that you issued money in this way. Suppose that you issued money in this way.

Now, suppose that you issued money in this way. Suppose that you issued money in this way. Suppose that you issued money in this way.

Now, suppose that you issued money in this way. Suppose that you issued money in this way. Suppose that you issued money in this way.

Now, suppose that you issued money in this way. Suppose that you issued money in this way. Suppose that you issued money in this way.

Now, suppose that you issued money in this way. Suppose that you issued money in this way. Suppose that you issued money in this way.

Now, suppose that you issued money in this way. Suppose that you issued money in this way. Suppose that you issued money in this way.

Now, suppose that you issued money in this way. Suppose that you issued money in this way. Suppose that you issued money in this way.

Now, suppose that you issued money in this way. Suppose that you issued money in this way. Suppose that you issued money in this way.

Now, suppose that you issued money in this way. Suppose that you issued money in this way. Suppose that you issued money in this way.

Probably the banks are the most efficiently organized of the social institutions—and both in the Old Country and here I have found that, on the whole, those who rank as bank employees are persons of quality and intelligence. They are not to blame for the debt-generating system which they are obliged to operate.

The responsibility rests with those who are in control of the system and those who insist of imposing it upon us. Whatever the position there may be in the Old Country many of the most severe and enlightened critics of the financial system are to be found in the service of the banks, but because of their positions, they are unable to give public attention to their views.

There is no difficulty about this if we will but recognize the importance and simplicity of the issue, if we will stop arguing and quarrelling among ourselves about technicalities and personalities and issue those imperative instructions to the bankers which will close the channels which exist for the issue of money.

FREEDOM DEFENDS

I assure you, with all the emphasis I can call forth that your freedom, and the freedom of your children, of your province, of our civilization, depends upon this matter. You know that instead of the freedom of the world, we have high taxation and progressive loss of freedom to which you are being subjected—the vast resources of your province and your country can give you the freedom of the world.

I assure you, with all the emphasis I can call forth that your freedom, and the freedom of your children, of your province, of our civilization, depends upon this matter. REPORT WILL BE SUBMITTED LABOR PARLEY

GENEVA, May 20.—Harold Butler, director of the International Labor office, last night said that war is blocking world social progress and threatens to precipitate a "total collapse."

In his annual report, the British chief of the labor bureau, a League of Nations organization, reported favorably on basic economic conditions but declared "war is already invading the social field."

"It has already blocked some of the main avenues of advance," Mr. Butler reported, and may soon begin to get the social edifice which this generation has raised.

"The report, released by the labor office, will be submitted to the international labor conference here next month."

Mr. Butler found the "boom of the 30's" reached its "summit" last summer despite world political unrest, international warfare, over tariffs and quotas, exchange control, currency fluctuations, unbalanced budgets and the world economic crisis.

"In spite of all things," he said, "the world economy is getting back to the level of 1929, whose financial prosperity had become a distant memory."

His report showed 1937 world industrial production rose above the 1929 level, unemployment declined steadily from 1933 to 1937 and the cost of living had risen to 1929 level—partly stimulated by government.

But to the latter half of 1937, Mr. Butler said, the economic tide turned with stock market decline and broke in new material prices, currency fluctuations, unbalanced budgets and the world economic crisis.

United States He attributed the American recession to three factors:

1. A reduction in government borrowing.

2. A decline in new orders by government business houses.

3. The stock market collapse.

Mr. Butler added that the "outlook" would be for the world war, encouraging if the spirit of international warfare could be banished from economic and political relations.

LITTLE FALLING OFF

Despite a prediction, he said in Canada there was little or no falling off during the last months of 1937. A shortage of skilled labor was reported from Canada, Australia.

DAVIS CHARGES SOCCRED MONIES DRAW INTEREST

WOODBURY, Sask. May 20.—Hon. T. C. Davis, Saskatchewan attorney-general, charged in an address here last night the Alberta Social Credit party was leading contributions made to its organization.

He applied for support for E. M. Clifton and C. W. Johnson, Liberal candidates in the 1937 election, and Neluwe-Wilowishew, respectively. Woodbury is on the border of both ridings.

Replying to Conservative charges of broken promises, he said that these promises had to be dropped to keep the people from suffering.

Athletic Girl Must Still Be Feminine

By ALICIA HART

It is an excellent idea to resolve to get great quantities of exer-

rise, sunshine and fresh air this summer and to decide to practice at least one active sport until you are fairly expert at it. But it's not a good idea at all to get so sports-minded that you fore-swear makeup and seldom are seen in anything except slacks or shorts. Femininity retains its old fas-

ination in spite of the fact that woman's place no longer is necessarily in the home. And it's not smart to look or act mannish at any season of the year. Just because you have a coat of suntan and are wearing sports clothes oftener and afternoon and evening things less, don't give up trying to

Some suntanned cheeks look blooming healthy and quite pretty minus rouge. Others, however, are prettier with it. It's up to each individual to decide for herself. Generally speaking, any

mouth is more active with lipstick than without. You don't have to bore the men in the party by holding up a golf game while you ogle over your mouth, of course. But don't let anyone talk you out of putting on lipstick before the round, and again immediately after. It just happens that it's easy

Unless you are under twenty-one and, in addition, are overwhelmingly attractive, you can't get away with straggling locks and badly groomed hands, either. There are nice looking hair ribbons to be had in the stores east to Massachusetts, where Emily was chosen for the role "Emily" in "Our Town."

ON bands to hold your collure in place while you play a fast game of tennis, flattering but not messy hair to wear fishing, and so on. And it's possible to find sports shirts that are just as comfortable as slacks. Have at least one, anyway, and wear it occasionally. Incidentally, if your legs aren't

White lovely or like your hips are too broad, better skip shorts. They do nothing to conceal even minor defects. You'll be as happy in slacks, and they are kinder to the figure.

Local Merchants To Be Petitioned on Half Holiday

Application of Five City Firms Is Pigeon-holed

Leslie H. Irwin Offers to Make Survey on Compulsory Closing for 11 Months of Year on Wednesday Afternoons

Application by five Edmonton retail firms for observance of Wednesday afternoon closing 11 months of the year (December excepted) was pigeon-holed again by the civic bylaws committee Thursday. Support was given a motion by Ald. Blair Paterson that the question be tabled until a petition had been circulated to determine the attitude of merchants on the proposal.

Leslie H. Irwin, chain store operator advocating the Wednesday closing for 11 months of the year, informed the committee he was prepared to make a survey and present the petition to aldermen for consideration in the near future.

CLOSE SIX MONTHS

The existing early closing bylaw provides that stores must close Wednesday afternoon from April to September inclusive for the purpose of giving clerks their weekly half-holiday. During the months of October, November, January, February and March employees must also be given the half-holiday, but merchants are not required to close their premises. The larger retailers, however, do close during these months.

December is the one month exempted from provisions of the bylaw.

WANT CHANGE

Firms seeking compulsory closing of stores Wednesday afternoon for the 11-month period are Harry Tait Groceries Limited, Metropolitan Stores Limited, Reid and White

MERCURY GOES TO 70 ABOVE ON THURSDAY

Off on another kick toward summer, with Edmonton's temperature on Thursday, the mercury touching 70 above, at 4 p.m., to register the highest reading for the day.

Another determined assault on the higher readings was in prospect at 9 a.m. Friday, when, with the thermometer showing 57 above, the forecast was "fair and warm." During Thursday night the temperature stayed well above the freezing line, the lowest reading up to 9 a.m. Friday being 41 above, at 4 and 7 a.m.

With many of the towns in the near north reporting higher readings than those in Edmonton, the near north again had the weather advantage at 8:30 a.m. Friday, the thermometer at Fort Norman, while Akimoot's population is being counted in connection with the completion of the civic voters list for the November municipal elections, as well as for other purposes.

It is expected the census will require three weeks to complete, completion of results will be done by the assessor's department, and announcement of Edmonton's population this year will be made in July next.

The 1937 population total was 57,034, and it is anticipated this figure will be boosted to at least 60,000 this year.

A South American fruit with a custard-like center is known as the cherimoya and has been called the "vegetable ice cream."

Who's Who

H. K. WRIGHT

Harold K. Wright, travelling freight agent, C.P.R., 1102 153 street, Edmonton, born June 20, 1905 at Vancouver, B.C., son of Harold Wright and E. Elsie Thornton. Educated at Vancouver, Earl William public schools; Moose Jaw, Regina, colleges. Married on July 10, 1930, to Evelyn Douglas, daughter of Doug Douglas and Annie Craig at Saskatoon, Sask. Has one daughter. Started business career at Regina, Sask. (1919) with division freight office, C.P.R. Since various capacities Regina, Moose Jaw and Winnipeg. Travelling freight agent, Saskatoon, May 1930 to March 1, 1938. Travelling freight agent, Edmonton since March 1, 1938.

1924-1925 was secretary of the Regina city baseball league in 1928 secretary of the Regina Pats hockey club, in 1928, president of the Regina Junior baseball league; in 1932, 33 and 34 secretary of the Saskatoon Baseball League; in 1934-1936 he was secretary of the Saskatoon Elites hockey club; in 1934-1935 a director of the Saskatchewan Amateur Baseball Association; from

LONDON TIMES ASKS DOMINION DISALLOW BILLS

LONDON, May 20.—Quoting expressions of opinion voiced by Senator Arthur Meighen, Conservative leader in the Canadian senate, and especially stressing Mr. Meighen's remark that Canada is "on the edge of a crisis threatening disintegration," the London Times editorially on Friday urged disallowance of the Alberta acts by the federal government.

The Times holds that the legislation is apparently contrary to national interests even if not technically unconstitutional and says the Dominion government has an obligation to disallow such legislation even if it is intra vires of provincial parliament.

The Times says Alberta farmers are willing to co-operate and meet their obligations. The editorial adds that some adjustments in interest rates and inward cutting debt must be made, but says the action of the provincial government prevents this being done.

The city assessor's department reports tax collections of \$50,453 for the period May 1 to 19 including the period May 1 to 16. This compares favorably with 1937 collections, the total for the whole of May being \$59,121.

1933-37 secretary-treasurer of the Saskatchewan club, Associated Canadian Travelers, and in 1937-1938 was a director of the Saskatchewan club in the Associated Canadian Travelers. He plans to take an active part in organizing here. Religion, Anglican. Associated Canadian Travelers, Bureau of Associated Canadian Travelers, Bureau of Associated Canadian Travelers, Bureau of Associated Canadian Travelers.

Next: James McGregor.

MANNING WILL GO BACK INTO SASKATCHEWAN

Hon. Ernest C. Manning, minister of trade and industry, expects to leave on Monday night to return to Saskatchewan, where he will speak at Saskatoon on Thursday night and Regina on Tuesday.

Asked regarding other speakers going into Saskatchewan on behalf of Social Credit, Mr. Manning said that it was expected that Hon. Slim Low, provincial treasurer, would address two week-end meetings at Turfbluff and Shellbrook.

Mr. Manning stated that Hon. W. A. Riddell, H. B. Matheson, Hon. F. T. Turner were expected to speak in the course of the Saskatchewan campaign, but no definite arrangements had been made.

Among the private members who will be taking part in the campaign are James J. Leary, MacLeod, H. E. Arney, Leckie, W. J. Berg, Alexander, Alfred J. Hooker, Red Deer; Fred M. Baker, Clover Bar; Mrs. Edith Rogers, Ponoka; J. H. Urwin, Edmonton, and William Dymally, Winnipeg.

Premier William Abernethy at present is not taking part in a speaking tour of the province.

Members Of Gas Commission Here

C. W. Duggan and Fred G. Colville, members of the newly formed Alberta Gas Conservation Commission, arrived in this city on Friday morning. They are on their way to Calgary to see the chairman of the commission, a driving north from Calgary and is expected to be here by Saturday morning.

The commission expects to be here all next week arranging for preliminary details of its work. Officially the commission's order-

I Saw Today

C. W. DUGGAN

entering the Administration building to attend to oil and gas conservation matters.

AND

George M. Spargo, winding his way south along 10th street, Irene Harper leading north along the same thoroughfare. Tedor Edmondson, rounding the Imperial Bank corner. Charlie Miller, entering a house along the main boulevard. Bobby Dundas, reeling in a fish in the lake east of 10th street.

Kathleen Gair turning north on 10th street from Jasper. Bill Anderson, entering the C.P.R. building. Thornton W. Tait, a law driving east along the main street. Jimmy Knight in the central part of the city. Jim Elliot carrying Pete Kitch some instructions on Post Office.

In-count will not be passed until a later date.

The Commission members met at Calgary on Wednesday and Thursday to plan for the future.

CONSTRUCTION KRESGE STORE STARTS SOON

Bids for General Construction Contract Due May 31—Work Begins in June

Construction of a \$100,000 department store by S. Kresge Company Limited on the south-east corner of 10th street and 10th Avenue will start next month, it was announced here Friday.

Bids for the general construction contract are due May 31, and the contract will be awarded June 1. Work of demolishing the existing premises from the corner of 10th Avenue south to the property line of the Army and Navy store will start June 2, the construction contract also including demolishing work.

STRUCTURAL STEEL

It is expected demolition of existing buildings will require three weeks or a month, and present plans call for the completion of the new departmental store before December next. The building will be erected with structural steel, with stone and brick masonry. It will be built in the late east of 10th street.

Estimated cost of \$100,000 covers only the building, and not fixtures and equipment.

FIRST IN THE KESGE

This will be the Kresge Company's first branch in Northern Alberta, the company now operating branches at Calgary and Lethbridge as well as a big chain through Eastern Canada and the United States.

W. G. Anderson, Toronto, is resident engineer for the new building.

WEST END CLUB BATTLE ELDERLY TO 3-3 DRAW

Casey Comes To Bat Again And Singles!

BALTIMORE, Md., May 20.—The mighty Casey of Middlebury—never was a home-run king—stepped from the faibles of the '90s last night to prove he couldn't hit them—and proved he can hit now.

Just as eager as he was that last August day of 1887 when his three swings shattered only the air with the bases loaded and made the hero of "Casey at the Bat," Dan Casey, now 78 and bald, went to bat for Baltimore Orioles on "Casey Night."

"Yeah, Casey," the crowd of 2,000 roared last night as Middlebury's hero missed the first toss from Rogers (the Rajah) Horstby by a foot.

"Put in Horstby," they shouted as the second pitched escape in pitch. Horstby struck out with the bases loaded and his first time to pinch hitter for the Orioles.

Casey bounded "with a will" victoriously but upon the plate, and now he lets it go. . . .

The myth of the 80's was shattered in a twinkling—Casey singled to left!

Rugged Boxla Tilt Ends In Donnybrook

Blacks Come From Behind Three Times To Hold Powerful Saskatoon Club To Draw; McKenzie Stars

SASKATOON Welders and West End Blacks each added a single point to their league standings last night, when they battled to a 3-3 draw at 313 street. It was the only game played in the Edmonton Boxlacrosse league.

Maple Leafs and South Sides will tangle at the Seena Centre Community club grounds at 7:00 o'clock tonight, while the pace-setting Seena College and West End squads will meet Saturday at the college grounds.

Ross Finishes Training Grind

GROSSINGER LAKE, N.Y., May 20.—Just a pound under the weight he figured to weigh in at, Barney Ross will rest today and resume training for his welterweight title defence against Henry Armstrong Thursday.

Ross weighed 141 pounds Thursday after a fast workout in which he travelled two rounds each with Pete Cera and Pese Galiano. He has agreed to weigh 142 for the bout.

Although usually packed in small half-pint tins, the tuna fish soup comes in a three-pint size of a ton.

Time Out — By Chet Smith

I want to see something in pup-tents for HIM!

Ladies' Ball League Slated To Open Tonight

The ladies get into the old spring swing tonight at the ladies' softball league open at Boyle street. The game is scheduled to get under way at 8:30. Army and Navy Dads and Orange Crush will take off in the opening game of the five-team league.

There is plenty of the old rivalry that makes ball games really interesting apparent even before the start of the season and with five well-balanced clubs in the chase, it promises to be one of the best ball seasons the ladies have yet had. Everything seems to point up a mighty hotly contested one to the playoffs.

Mayor J. W. Fry will officially open the league by tossing the first ball of the season, with C. H. Croft, the league's presiding officer, and Alumnus Hugh John McDonald, who has been the two of Edmonton's finest lady hitters will share the mound duties for the evening, with Winnie Galt, who has been the league's best pitcher, and Doree Martineau of the Orange Crush in the opener.

MAY NOT PLAY AGAIN

LONDON. Carried off the field last October with an injured leg, Herbert Roberts, Arsenal and England international football centre-half, may not play again. X-rays showing little improvement.

Rich to the last sip!
